AUDITOR'S CERTIFICATE

I have audited the accounts and records of the Town of Errol for the year ended December 31, 1977, and found them to be correct to the best of my knowledge and belief.

Auditor

POLICE DEPARTMENT REPORT

ERROL POLICE DEPARTMENT 1977

1977 has been the best year for us in Errol. The support given us at the March Town Meeting certainly helped encourage us to strive for a more efficient and effective Police Dept. and has been instrumental in helping us solve some of the problems that face a small town which caters to so many out of staters.

Traffic in our area was extremely heavy during the summer and fall and with the new radar that we purchased through the Highway Safety Agency it has been one of the best investments that we have made. The word got out that Errol was radar patrolled and a great difference was noticed in the flow of traffic. Our department was instrumental in the identification of one of the bank holdup men in Colebrook. A subject was arrested by Officer Doug Potter for excessive speed and was staying at the Errol Motel at the time of the robbery.

Sgt. Martin did a good job with D.W.I.'s which added to the safety of our town.

We added a special to our force this year. Everett Eames was given a radio and has been a great help at accidents and in emergencies.

We have been very happy with the support given us this past year and we look forward to serving you again in 1978.

For this support we say Thank You.

Respectfully submitted,
ARTHUR JODRIE, Chief

BUDGET REQUEST

We are asking for a budget of \$4,500.00 for 1978. The price of gas has forced us to ask for an increase in mileage from .10 to .15.

SPECIAL REQUEST

You will find an article in the warrant asking you to give the Selectmen the authority to appoint a committee of three people to make a study as to whether it would be feasible to form an area Police Dept. consisting of Errol-Milan and to appoint a Chief to serve full time with part time help from each town, and to bring the findings to the next town meeting along with cost figures for such a program.

With the increase in activity in our area this may be the best way to cope with it.

**REPORT OF DISTRICT FIRE CHIEF
AND TOWN FOREST FIRE WARDEN**

Forest fire control in New Hampshire is a joint state and town/city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendations of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of ¼ of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local organization and helps coordinate activities between towns/cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

*The starred items are required by law to be raised as determined by the proper authorities. The District determines the salaries of the District Officers. The Supervisory Union Board decides the share of the Superintendent's salary for 1978-79 as follows: Dummer, \$497.28; Errol, \$1,668.80; Gorham, \$15,650.88; Milan, \$2,508.80; Randolph, \$1,061.76; Shelburne, \$1,012.48; State Share, \$2,500.00. The Teacher's Retirement and the State Employee's Retirement Association assess the amount for the superintendent's retirement and other District employees that belong to the system. In those towns that are under Social Security the amount to be paid by the District is established by law.

PRINCIPAL'S REPORT

The 1977-78 school year opened with many new students present in spite of a large graduating class in June, and several transfers. The pressure was especially felt in the 7th and 8th grades, where enrollment reached a peak of 24.

However, within a couple of months, many of our new students left, and presently we have a comfortable enrollment of 76. I think that with more people trying to escape the cities and hectic life down country, we will see this trend of heavy enrollment in early fall. However, our harsh winters will eliminate all but the most hardy.

The hot lunch program has been going well this year with Mrs. Eames serving an average of 55 meals a day. The Federal government no longer reimburses us for milk, so extra milk prices recently rose to ten cents per carton.

The Booster Club is again having an active year. They are presently planning their annual winter carnival. Last year's graduating class enjoyed a trip to Washington, D.C. This year's class hasn't decided whether to go or not.

Again, once a week, we have skiing at the Wilderness. Presently 20-25 students are taking lessons.

This year's basketball teams are having a fine season. To date, the girls have beaten Gorham and Canaan. In fact, Canaan never scored a single field goal against our girls. The boys have beaten Berlin, North Stratford, Pittsburg, and Canaan thus far, and appear to be one of the best teams in Errol history. Much credit goes to parents who have made our athletic teams self-supporting with their help on transportation, concessions, and attendance. Next year, both teams will be involved in Junior-Varsity competition.

The problems with the plumbing we had last year were all cleared up this summer. However, this year, we have had difficulty in keeping the school evenly heated. Certain rooms are hot while others are cool. Several solutions are being looked into.

In closing, this year has been smooth, and with all the work and activities, students and teachers alike are finding that time is flying by.

ROBERT LORD, JR.
Principal

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the citizens of the Town of Errol:

In my report to you, the citizens of the Town of Errol, I hope to touch upon those areas which will affect you and your children as well as those areas which should be of interest to you as informed citizens of your community. Should I fail to provide you with the information you desire I wish to be so advised so that I may include those areas in future reports.

Warrant

As in past years some warrant articles need an explanation so the people of Errol will properly understand what they are actually voting for. This year three such articles may be found in your warrant. The first of these is Article number 7. Both Errol and Upton have expressed an interest in a transportation and tuition arrangement covering more than one year. In this case Upton would agree to send its grade 1-8 children to Errol for the next three years and Errol would agree to take them over that time. In return Errol would agree to have all children on Route 26E transported by Upton for the same period of time. Both parts of the contract contain a clause to terminate the agreement should that become necessary. It would appear, therefore, that the arrangement could be helpful to both towns. The Article, if approved would allow your school board to negotiate and sign that agreement.

A second article which needs to be brought to your attention is Article number 10 which calls for a deficit of \$7,000.00 for the current year. The money is needed to meet the tuition obligations of the students in grades 9 & 10 who have requested and have been granted permission to enroll in Berlin and Colebrook. There are four such students this year. In addition there are two students from Errol receiving special education classes outside the Errol Area. Because of the arrangements which had to be made for these two students an additional obligation of nearly \$2,000.00 was incurred.

There are those in Errol who feel the School Board should have refused the tuition of these four students. Because of the nature of the requests, the statutes involved, and the results of a legal opinion it was determined that your school board could regulate and place conditions upon students who made such requests but could not legally refuse the right of the student to attend a comprehensively approved high school which offered programs which were not available in Errol.

Your school board is presently working on a policy to better handle future requests of this kind in hopes of avoiding future problems. It is anticipated at this time that this policy will be ready by spring.

The third and last article which needs clarification is Article number 11. This is a petition article which will be supported by a group of parents who want their children transported to and from school. As I am sure you will notice the article does not request any funds to provide the transportation for which they are asking. The petitioners have been asked to determine what the cost would be to provide the transportation and how many children would be involved and present that information to you at the meeting. Later under Article number 12 the additional money will need to be raised to carry out the wishes of the people. Presently the budget does not include any funds to transport their children. Hopefully before Article number 12 is voted upon the supporters of Article 11 will provide you with a figure on the cost.

The remainder of the school warrant is like the previous year and therefore needs no explanation. However, should you wish to have more information on any one article feel free to ask for an explanation on the floor of the meeting.

New Boiler

In your budget for 1978-79 an amount of \$2,950.00 has been included to replace the present boiler. I have been advised that such a move would result in a substantial savings in oil in the coming years. The cost of energy being what it is, it is essential that every means be found to reduce our energy needs. Installing a new boiler is the first step in accomplishing this. As such, I ask that you support this part of your budget.

In future years it is my intention to place before you Phase II and Phase III of a program to reduce our energy needs. Phase II which I hope to present to you next year will call for the insulation of all the outside walls of your school. This will be followed by Phase III which will call for the conversion of the present steam system to a circulating hot water system.

It is anticipated that completion of the three phases of this project will result in substantial savings over a period of years as well as reduce our needs for energy in the future.

Legislation for the Handicapped

Though I covered part of this phase in my report in previous years, more needs to be said if people are to understand what is

involved by what I consider a crude and blatant attempt by HEW to come into your local schools and dictate what you will and will not do. The question is one which transcends the needs of the handicapped which are adequately cared for under state law and through local programs. As a case in point, Errol currently tuitions two of its children to outside schools to take care of their needs. There is no need for a branch of the federal government to enter into local matters of this kind. When a Federal District Judge, in this case, Judge Robert Hemphill of South Carolina, says, "No educational administrator needs to be reminded of the sad fact that federal money means pervasive, bureaucratic federal control; and for pervasive, tyrannical bureaucratic federal control, the Department of Health, Education and Welfare knows no equal or superior," something must be wrong. He continues, "If the federal government, in all its wisdom, decides that money should be spent to provide opportunities for a particular group of people, that government should be willing to spend its own money (i.e. our taxes) for such purposes" I can only agree, and by so doing support, Judge Hemphill's position when it comes to HEW. At stake here and in similar legislation is the very foundation of our government processes. When one level of government, through the power of the purse, can in effect circumvent and by so doing violate the very foundation of our Constitution, and the intent of our forefathers, that agency or government needs to be changed and made once again responsive to the people. I am in hopes that some of you will become enraged and demand that our Congressional delegation begin to represent the very people by whom it was elected.

Budget

The budget being proposed for 1978-79 is for a total of \$118,181.83 for an increase of \$23,026.58 above the current budget of 1977-78. Looking at the budget from another point of view finds that for 1977-78 a total of \$74,617.80 was raised by taxation. Projected for next year is a total of \$93,081.83 for a net increase of \$18,464.03. Added to this is the deficit of \$7,000.00 for a grand total of \$25,464.03. This represents quite an increase as compared to previous years. As part of an explanation I have outlined below where these increases may be found:

Teachers Salaries	\$ 3,560.68
Teacher Supplies	405.00
Pupil Transportation	298.00
Lieu of Transportation	2,296.00
Heat for Buildings	700.00
Utilities	325.00

Replacement of Equipment	150.00
New Boiler	2,950.00
Tuition	13,402.50
Supervisory Union	1,301.99
	<hr/>
	\$25,389.17

The figure only shows the major increases, it does not show a number of decreases and other minor increases. However, it does show what the larger amounts are and what they are for. As you can easily see, most of the money falls into five areas, tuition being the biggest of these.

Summary

To serve the needs of a community a school system needs the willing hands of many people. In Errol these people are your teachers, your principal, the members of the school board, your treasurer, your moderator, your clerk, your cook, and the many people who have supported the school over the years. To all of these people I express my sincere appreciation and thanks.

Respectfully submitted,

ROBERT BELLAVANCE
Superintendent of Schools

MARCH 10, 1977

ERROL SCHOOL DISTRICT MEETING

The Annual School District Meeting was held at the town hall in said town at 3:00 p.m. March 10, 1977. The meeting was called to order by the Moderator, Robert Bean and the polls were open to balloting on the first five Articles. At 7:30 p.m. the meeting began to act on the article six through the twelfth. The proceedings were as follows:

Art. 6: Sharon Lane motioned as follows, "I move the salaries of the School Board, Truant Officer and other District Officers and Agents be set as listed below:"

(7)	Census Taker	1 @ \$ 25.00
(8)	Checklist Supervisor	3 @ \$ 10.00
(9)	Ballot Clerks	3 @ \$ 10.00

The motion was seconded. Voted in the affirmative.

Art. 7: Elsie Hall motioned as follows: "I move the District vote to accept the reports of Agents, Auditors, Committees, and Officers heretofore chosen, as printed in the annual report." The motion was seconded. Vote carried in the affirmative.

Art. 8: Larry Enman motioned as follows: "I move the district vote to raise and appropriate the sum of \$500.00 to be placed into the building Capital Reserve Fund for the installation of an approved sewerage system." The motion was seconded. A discussion and questions and answers period. The vote was negative.

Art. 9: Robert Lord motioned as follows: "I move the district vote to authorize the school board to make application for and to accept on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, private individuals, or corporations or any Federal or State Agency and to expend the same for such projects as it may designate" The motion was seconded. Vote carried in the affirmative.

Art. 10: Sandra Wight moved as follows: "I move the District vote to accept the provisions of Title I and Title IV of Public Law 89-10 (Elementary and Secondary Education Acts of 1965) and to appropriate such funds as may be available to the District

under such federal acts for such particular projects as may be determined by the school board, and to authorize the school board to make application for such monies and to expend the same for such projects as it may designate." The motion was seconded by Richard Dion. A discussion preceeded the voting. The vote passed in the affirmative.

Art. 11: Dale Eames motioned as follows: "I move the District vote to raise and appropriate the sum of \$95,255.25 for the support of schools, for the payment of salaries of school district officials and for the payment of statutory obligations of the district." The motion was seconded. Vote carried in the affirmative.

Art. 12: Elsie Hall motioned as follows: "I move the District vote to adjourn the meeting. The motion was seconded. The meeting for the foregoing articles adjourned at 8:30 p.m.

Everyone having voted by ballot on the first five articles who wished, the moderator declared the polls closed and the count began.

The results were declared by the Moderator:

Art. 1: Moderator Choice: Robert Bean had 42; Norman Thurston had 1. Robert Bean elected.

Art. 2: Clerk Choice: Madeline Hart had 22; Mona Douglas had 19; Larry Enman and Sandra Wight had 1. Madeline Hart declared elected. She refused to run. Office is vacant.

Art. 3: Board Member 3 yrs.: Elsie Hall had 36; Sharon Lane had 3; Sydney Peters and Ella Eames had 2 each; Carol Tremblay had 1. Elsie Hall elected.

Art. 4: Auditors: Norman Thurston had 17; Eunice Thurston had 16; Linda Jenkins had 14; Warren Jenkins had 13; George Baird had 4; Barbara Baird had 3; Robert Bean had 2; Robert Lord had 1; Ella Eames, Sharon Lane; Christopher Sullivan, Barbara Barnett and Henry Drumn had one each. Norman and Eunice Thurston elected.

Art. 5: Treasurer: Barbara Barnett had 33; Gloria Sweatt, James Barnett, Alda Barnett, Mrs. Roger Tremblay, Madge Hart and Sandra Wight had one each. Barbara Barnett elected.

Following the declaration of the ballot count, the used and unused ballots were preserved by the moderator and clerk according to the laws.

The foregoing are the happenings at the Errol School District Meeting held on March 10, 1977.
